

## NINTH INFANTRY ARRIVES AT TAKU

Col. Meade With U. S. Troops Hurrying to Assist at Tien Tsin.

## THAT CITY IN DANGER

Foreigners Reported to Have Been Still Alive at Peking on July 5th.

## PRINCE TUAN DECLARES WAR

Washington, July 11.—[Special Telegram]—The secretary of the navy this morning received a dispatch from Admiral Reimay announcing the arrival of the Ninth Infantry at Taku and Col. Meade's advance to Tien Tsin.

He says the allied force at Tien Tsin is engaged in maintaining defenses.

The Solace has been ordered to Chetoo to take the sick and wounded to the Yokohama hospital. The Oregon is towed by the Nashville, proceeds soon to the Kure docks.

Reimay says he has just learned from Seymour at Tien Tsin that the foreigners there are hard pressed.

Hard Fighting at Tien Tsin. Shanghai, July 11.—[Special Cablegram]—There was fighting at Tien Tsin on July sixth, when the Chinese were repulsed more severely than in the engagement of July fourth. The Russians alone buried two hundred men.

The Chinese are bombarding Tien Tsin from the northwest wall of the city fort. The friendly governors are doubtful if the allies in Tien Tsin can withstand the assaults unless reinforced. Six English residents were wounded.

Huan Shi Kai, governor of Shanghai, believes there are some foreigners still alive in Peking. He says two legations were standing July fifth.

Appeal by Emperor Hsu. London, July 11.—The Shanghai correspondent of the Daily Mail, telegraphing yesterday (Tuesday), says:

"A message has arrived here from Emperor Kwang Hsu, dated July 2, by couriers from Peking to the Viceroy at Nankin, who forwarded it here. It is addressed to the Russian, English and Japanese governments. It deplores the recent occurrences, and solemnly affirms that the foreign governments are mistaken in supposing that the Chinese government is protecting the Boxers against the Christians. The emperor further implores their aid in suppressing the rebellion and upholding the existing government."

Prince Tuan Declares War.

According to the Shanghai correspondent of the Express, it is war to the knife between the Dowager Empress and Prince Tuan. In a recent edict the latter boldly discards his mask and signs himself as emperor. He warmly commends the prowess of "his faithful Boxers," and in flowery language appeals to their cupidity and fanaticism. In the same decree Prince Tuan appointed the "Iron Capped," Prince Tsaihsan, his imperial clansman, and Kang Xi to command the three chief wings of the Boxer army.

Throws All Blame on Foreigners.

Washington, July 11.—[Special Telegram]—Minister Wu today handed Secretary Hay a copy of the imperial decree issued by the privy council at Peking June 29, for transmission to all Chinese ministers abroad. It traces the origin of the Boxer movement. Describes how it was underestimated by the local authorities, aggravated by misdeeds of legation guards at Peking and finally caused anarchy. It was all ways opposed by the imperial government. It concludes by saying that the anarchists will be punished severely as soon as possible. All blame is thrown on the foreigners.

News From Tien Tsin Bad.

Shanghai, July 11.—[Special Cablegram]—The news from Tien Tsin is bad. General Mah recaptured the Chinese arsenal July 6, which had previously been taken by Seymour's forces. It is reported that Japan is sending an other division of troops to China. The Russian troops were said to be ill controlled. Two Russians were shot Friday for looting foreign houses.

RUHLIN AND "FITZ" MATCHED

Quickly Agree on Every Point and Set August 10 as the Date

New York, July 11.—On August 10, before the club offering the largest prize, Gus Ruhl and Bob Fitzsimmons will hammer each other for twenty-five rounds, or as long a time within that limit as either can endure. The match was made yesterday afternoon, with the usual assemblage of fighters and fight

promoters on hand. It took only a few minutes for Billy Madden, who represented Ruhl, and Fitzsimmons, who represented Fitzsimmons solely and exclusively, to come to terms.

Both men will be allowed to wear soft bandages and both promised to be good and faithfully observe all the requirements of ring etiquette. One week from today bids for the fight will be opened. It is expected that those who propose promoting boxing matches in Madison Square garden will get it. Either Charley White or George Siler will be asked to referee the match. Both are acceptable, as far as principals are concerned.

## DIVINE HEALER'S HEAVY FINE

Penalties Aggregating \$2500 Assessed Against Him on Five Charges

Boston, Mass., July 11.—Francis Truth, who advertised himself as a divine healer, appeared in the United States circuit court today, withdrew his previous plea of not guilty, pleaded guilty, and was fined \$2,500, which he paid. He pleaded guilty to seven indictments accusing him of using the mails to further a scheme to defraud, which involved his divine healing methods, and on five charges he was fined the maximum penalty, \$500 each.

## WILL NOT CONTEST ON SABBATH DAY

Paris Athletic Officials Fail to Keep Promise of No Athletic Games on Sunday.

London, July 11.—The University of Pennsylvania, University of Chicago and New York Athletic club teams left Brighton today for Versailles, where they will complete their training for the Paris games. The question of the hour is, "Will they need to do further training?" The program of events recently sent out by the French managers states that the preliminary heats will take place next Saturday, and the final heats Sunday.

It may be imagined what has been the effect of such an announcement at this time. Everybody here feels that it is a most contemptible trick. Not a single American university would have sent a team or have been represented by one had it not been definitely announced that the games would not be held on Sunday.

Every pressure is being brought to bear on the French officials by the managers of the American teams to have a change made. Even at this late date it is likely that the American teams will unite to refuse to compete if the French officials persist in carrying out what seems to them a very nasty piece of business—to use no stronger term.

## ELKS REPORT VERY PROSPEROUS YEAR

Hot Contest for the Place of Holding the Next Convention Between Milwaukee and Richmond.

Atlantic City, N. J., July 11.—[Special Telegram]—The Elks today discussed the selection of the place for holding the next convention. The fight is thought to be between Richmond, Va., and Milwaukee.

This afternoon ten thousand Elks paraded. George Reynolds of Saginaw, will be re-elected secretary. His report shows the present membership to be seventy-three thousand. The receipts are \$44,000; balance in the treasury \$29,000. Judge Fisher of Jamestown, N. Y., was elected Grand Exalted Ruler.

## MET HORRIBLE DEATH

Edward Padden, a Brakeman on the Northwestern, Killed Near Pleasant Prairie Today.

Kenosha, Wis., July 11.—[Special Telegram]—Edward Padden of Fond du Lac, a brakeman on the Chicago & Northwestern railway, met a horrible death near the village of Pleasant Prairie this morning. He was assisting the other force on the train in switching some cars ahead, when he slipped and fell under the wheels. His body was cut completely into pieces.

## CAMPAIGN TEXT BOOK

Bryan Begins Work on Material for That Publication—Has No Plans for Vacation.

Lincoln, Neb., July 11.—[Special Telegram]—Bryan began work today on material he is to supply for the democratic campaign text book. He has made no plans looking to a vacation and nothing is yet determined about his speeches, whether many or few.

## CLAIMED BY SEVEN WIVES

Kentucky Man Carries Stock of Marriage Certificates in His Grip.

Middlesboro, Ky., July 11.—J. F. Pickleheimer was arrested here on the charge of bigamy. It is alleged he has seven wives, two of whom are in Middlesboro, and that the others will arrive tomorrow. In his grip were found a license to preach, a teacher's certificate from Franklin county, Kentucky, four marriage certificates, a deck of cards, a bottle of whiskey and a pistol.

## BOTH ARE READY FOR THE CAMPAIGN

REPUBLICANS AND DEMOCRATS FIT UP HEADQUARTERS.

Hanna Will Not be Active and Payne Will be the Real Executive Head of the Republican Battle—Spooner Says Wisconsin Will Go For McKinley.

Chicago, July 11.—Both the Republican and democratic national committees will have headquarters in Chicago within a few days. Each side will open the campaign as soon as its executive committee and its headquarters forces can be organized.

Chairman Hanna will announce the Republican executive committee in Cleveland today. Its members to be are on the road to Cleveland for conference preliminary to the official announcement, so each knows he has been chosen although he may not know who all of his colleagues will be.

Henry C. Payne of Milwaukee, and Richard C. Kerens of St. Louis passed through Chicago yesterday on the way to Cleveland, and took Graeme Stewart with them. Six of the executive committee members are as good as named—Henry C. Payne, of Wisconsin, Richard C. Kerens, of Missouri, Graeme Stewart of Illinois, Joseph H. Manley of Maine, Frederick B. Gibbs, of New York, and Senator N. B. Scott of West Virginia.

Hanna Won't Be Active.

Henry C. Payne will be official head of the executive committee, whether his title be that of chairman or vice chairman. Chairman Hanna does not intend to give more than one fourth as much time to headquarters as he gave in 1896. He has already taken a cottage at the sea shore for the summer, and will not buckle into the harness before the middle of September. The chairman's health is not equal to the burden of work he assumed in 1896.

Perry S. Heath, first assistant post master general, will be secretary of the national committee and secretary in charge of the Chicago headquarters if the matter of his present office can be got around, either by his resignation or by leave of absence.

Chairman Babcock Active.

The republican national congressional committee will be in the midst of the fight next week under the direction of Congressman Babcock of Wisconsin and Congressman Hull of Iowa. Congressman Overstreet of Indiana, secretary of the committee, will be here next week to stay most of the time. Specially made paper for the committee's document has been ordered by the ton.

The congressional committee will make its fight in close congressional districts everywhere, and especially in the west. The South, Chairman Babcock says, will not be bothered with Montana and Wyoming will go republican.

Big Democrats in Chicago. Chairman Jones of the democratic national committee, was in town yesterday also, with D. J. Campau of Michigan, J. G. Johnson of Kansas, head of the old executive committee, and Charles A. Walsh of Iowa, the re-elected secretary.

Appointment of the executive and other subcommittees, as well as selection of headquarters. Chairman Jones says, may await his return from a couple of weeks' rest at Minnetonka with his daughter. He and Mrs. Jones are en route thither. It is practically settled, however, that Johnson of Kansas, will be chairman of the executive committee and continue the work he has had in hand about a year. D. J. Campau of Michigan, who has aspired to the place, will probably take his old place as chairman of the campaign committee, which will act in conjunction with similar committees appointed by the populists and silver republicans.

Sure of Wisconsin.

Senator Spooner of Wisconsin and Governor Nash of Ohio were in the Auditorium, across the way. The Wisconsin senator is taking his family to the seashore. He said it was true that he meant to retire from politics at the end of his present term. "As to Wisconsin," he said, "I feel confident the state will go heavily for McKinley."

## YELLOWSTONE FLAME SWEPT

Ranges Devastated, Horses Burned and Sheep Folds in Danger. Billings, Mont., July 11.—A disastrous range fire is raging on Bull mountain, Railroad creek and Pompey's pillar, on the north side of the Yellowstone river. It is extending east to the Musselshell river, and is sweeping the range like tinder, as everything is dry. A late report says that twenty head of horses belonging to J. M. Ramsey of this city were caught and burned. Vast flocks of sheep are in great danger.

## J. W. WATSON FOR CONGRESS

Fond du Lac Man Nominated by Democrats of Sixth District

Noenah, Wis., July 11.—The Sixth district democratic congressional convention, comprising the counties of Winnebago, Calumet, Waushara, Fond du Lac, Manitowoc, Green Lake and Marquette, met here yesterday, and James W. Watson of Fond du Lac, was nominated for congress on the first ballot.

Special Train to Clear Lake, In., Via C. M. & St. P. R'y. Leaving Janesville, Saturday evening, July 21, and returning Monday morning, July 25, for the round trip.

## CORN ACREAGE HAS BEEN INCREASED

OFFICIAL STATISTICS OF THE GROWING CROPS.

Corn in Better Condition Than a Year Ago—Acreage of Potatoes Has Also Increased—Average of Tobacco is Nine Below in Wisconsin—Fruit a Good Crop.

Washington, D. C., July 11.—Preliminary returns to the statistician of the department of agriculture on the acreage of corn planted indicate an increase of about 1,200,000 acres, or 1.5 per cent. over the acreage harvested last year. The increase is well distributed, there being only ten states and territories out of the forty-five reporting that have not a larger acreage planted than was harvested last year. The average condition of the growing crop is 89.5 as compared with 86.5 on July 1, 1899, 90.5 at the corresponding date in 1898, and a ten year average of 90.7.

The condition of winter wheat shows a further decline during June, being 80.8 on July 1, as compared with 82.7 on July 1, 1899. All the important winter wheat states except Pennsylvania, Texas and Tennessee share in this impairment of condition.

The average condition of spring wheat is 55.2 as compared with 87.3 one month ago, 91.7 on July 1, 1899, 95 at the corresponding date in 1898, and a ten-year average of 89.5. The condition in Minnesota has fallen to 48, in South Dakota to 44 and in North Dakota to 30.

The amount of wheat remaining in the hands of farmers on July 1 is estimated at about 51,000,000 bushels.

There is an indicated increase of some 30,000 acres, or 1.2 per cent in the acreage in potatoes, with a condition on July 1 of 91.3 as compared with a ten year average of 93.2. The sweet potato reports are highly favorable.

The condition of tobacco is 2 points above the ten-year average in Kentucky, Virginia and Ohio, and 4 points above in Maryland. On the other hand it is 5 points below in Tennessee, 3 below in Pennsylvania and 9 below in Wisconsin, while the report from North Carolina corresponds exactly with the ten-year average for that state.

Reports on the hay crop are in the main unfavorable and there are few important grazing states in which the condition of pastures is not considerably below the ten-year average.

While there has been a general decline in the condition of apples almost every important apple growing state has the promise of more than an average crop. This is also true of peaches and grapes.

## RADDATZ SUBMARINE BOAT

Recent Tests Show It to Be a Complete Success

Milwaukee, July 11.—The submarine boat which was invented by Richard Raddatz of this city some years ago may be adopted by either the United States or the Russian navy. The company which has been organized by the inventor has been in correspondence with these governments for some time, and as a result a series of photographs has been taken which will be forwarded to the authorities of both nations.

It is then expected that experts will be sent on, and as soon as the governments are ready to have a personal test made a new shell will be constructed, fitted out with automobile torpedoes, and the usefulness of the craft as a submarine torpedo boat will then be demonstrated.

A great many tests under water have been made and there is not the slightest doubt that the boat operates successfully under water at a rate of speed from six to eight miles an hour.

## BRIDE IS SOLD AT THE ALTAR

Best Man Pays Groom \$65 and They Exchange Rings

Great Falls, Mont., July 11.—After coming from Austria to marry Christopher Schmidt Miss Lillian Meier changed her mind at the altar and married the best man, Joseph Kunz. The original ceremony was to have taken place in the little coal town of Stockett. The wedding guests assembled. Then the bride said she had decided not to marry Schmidt. She loved Kunz more, she declared. Moreover Kunz loved her and was ready to take her. Schmidt was angry at first, but for \$65 he finally agreed to give up his role of groom and act as best man. The ceremony proceeded.

## PAY ROLL RAISED \$100,000

Chicago Company Will Increase Wages 15 Per Cent

Chicago, Ill., July 11.—Announcement was made to the employees of the Chicago Union Traction company on the north side lines by President John Roach that beginning on Aug. 1 an average increase of 10 to 15 per cent in their wages will be made. The total increase in the payrolls will amount to \$100,000 a year. Two thousand men are affected.

Fied Two Big Bullets.

New York, July 11.—Major Llewellyn of the rough riders was recently operated upon for appendicitis and the surgeons discovered two big bullets when they were carving him. When he revived from the anesthetic they showed them to their patient who calmly observed: "There are two more in there somewhere; did you see anything of them?"

## GERMANS EATING DOG MEAT

Consul Guenther Says the Use of Horse Flesh is Also Increasing.

Washington, July 11.—"On account of the high price of other meat, not only horse meat, but also dog meat, is used by people as an article of food in Germany," says Consul General Guenther at Frankfurt, in a report to the State department.

The new meat inspection bill, says the consul general, does not adequately protect the consumer against bad meat, but excludes many first class products from the country.

The consumption of horse meat, he says, is on the increase.

## ELKINS GIVES A \$10,000 FEAST

Philadelphia Millionaire Dines Twenty-Five at \$400 Apiece

Paris, July 11.—William L. Elkins of Philadelphia, gave a dinner last night which surpassed in sumptuousness even Thaw's "beauty banquet." The table decorations cost \$10,000. There were only twenty-five guests. Mrs. Potter Palmer was the only one of the exposition officials who were invited. The dinner was given at the Hotel Ritz.

## SIX MEN ROBBED PASSENGER TRAIN

Broke Open Express Car and Blew Up the Safe Getting \$10,000—Two Posses in Pursuit.

Paduch, Ky., July 11.—[Special Telegram]—Near Wickliffe, Ky., at one o'clock this morning six men flagged an Illinois Central passenger. They broke the express car open and overpowered the messenger. The safe was blown open and ten thousand dollars taken.

The engine was cut from the train and run to Louisville by the main line and the train was stopped at the engine house. The passengers were not molested. Two posses are in pursuit.

Chester, Pa., July 11.—[Special Telegram]—Two wreckers ditched the B. & O. "baggage money train" this morning, wrecking the engine and five cars, one of which contained a large sum. None hurt. Several attempts have been made before.

## CLOSE GERMAN TREATY

Secretary Hay and Ambassador von Holleben Sign the Reciprocity Arrangement.

Washington, July 11.—The long expected reciprocity arrangement between the United States and Germany has been effected.

Secretary Hay and the German ambassador have subscribed to the convention, and President McKinley will issue his proclamation putting the new duties in force in the course of a few days. The arrangement is generally similar in terms to the first arrangement made with France, and abates duties on still wines, argols, paintings and statuary from Germany entering the United States.

It does not require the approval of the senate, being drawn under section 4 of the Dingley act.

## NO POSTPONEMENT IN GOEBEL CASE

Motion to Continue Was Over-ruled—Chinn Searched for Weapons on Entering Court.

Georgetown, Ky., June 11.—[Special Telegram]—The first man searched this morning was Col. Jack Chinn, a witness for the prosecution. The argument for a continuance was continued and at the end of which the motion was over-ruled.

## RAPID WORK ON BATTLESHIPS

Alabama's Progress Figured at 97 and Wisconsin's 93 Per Cent.

Washington, D. C., July 11.—The new battleships Alabama, building at the Cramps yards, and Wisconsin, at the Union Iron Works, San Francisco, are 97 per cent. and 93 per cent. completed respectively. The Illinois is 84 per cent. completed and the Maine 30 per cent., the Ohio 20 per cent. and the Missouri 6 per cent.

Asylum Attendant Left Him in a Tub With Hot Water Turned On.

San Jose, Cal., July 11.—George A. Morse, an aged and helpless patient in the Agnews insane asylum was boiled to death in a bath in the men's ward of that institution last night. He was placed in a bath tub and after the hot water was turned on the attendant left the room for a towel, forgot his patient and did not return until the imbecile was fatally scalded.

## CELEBRATE GOLDEN WEDDING

Mr. and Mrs. Miller of Mineral Point Married Fifty Years.

Mineral Point, Wis., July 11.—Mr. and Mrs. John Miller celebrated their golden wedding yesterday. They were both born in Germany in the province of Waresau. They were married in July, 1850, at their birthplace and came to Mineral Point in 1854. Nine children were born to them, four of whom are still living.

## HANNA SAYS IT IS A PIPE DREAM

Newspaper Story About a Plot to Murder the President Denied.

## IS A RIDICULOUS YARN

Mr. McKinley is Not Guarded by Detectives at His Canton Home.

## SIMPLY A CRANK'S LETTER

Cleveland, July 11.—[Special Telegram]—Chairman Hanna says that the New York World's story of a plot to assassinate President McKinley is a pipe dream. He denied that detectives were guarding the president.

Canton, July 11.—[Special Telegram]—The president is driving about as usual and is taking no more precaution than usual. His friends say the assassination yarn is the output of a fertile imagination.

New York, July 11.—[Special Telegram]—Chairman Odell of the state republicans' committee, is quoted as concerning the assassination report, and says he regrets someone has been induced enough to make of a trifling matter a gigantic plot. He had simply reported to Col. Dick a crank's letter.

Washington, July 11.—[Special Telegram]—The secret service officials laugh at the assassination story. Chief Wilkie says it has not been mentioned to him.

New York, July 11.—The World this morning says: "A plot to assassinate President McKinley has been frustrated. It was concocted by a group of Spanish and Cuban conspirators with headquarters in New York."

"One of the plotters weakened and sent a warning letter to a member of the republican national committee. That letter was placed in the hands of Secretary Charles Dick, who referred it to Chairman B. B. Odell of the New York state committee. Chairman Odell engaged a detective who speedily verified certain important allegations made in the warning letter. Thereupon Mr. Odell reported to Secretary Dick, who laid all the facts before Chairman Mark Hanna."

"Mr. Odell's report caused great alarm among the president's close friends and advisors. Mr. Odell made it plain that he regarded the plot as a matter of the utmost seriousness and urged that extreme precaution be taken to keep the president out of harm's reach."

"Messrs. Dick and Hanna laid the whole matter before the president shortly before he departed for Canton. They instructed Mr. Odell to continue his investigation and cautioned him to work with the utmost secrecy."

"To a World reporter last night Mr. Odell admitted that he and certain of the national committee had discovered a plot to assassinate the president. 'Yes, it is true,' he said, 'but I regret exceedingly that the matter has become known.'"

"He was extremely anxious that no reference whatever should be made to the matter. 'Special detectives are guarding the president in Canton.'"

## ROOSEVELT TO SPEAK

Governor Will Open Campaign at the National League of Republican Clubs.

St. Paul, Minn., July 11.—Secretary Stine of the National League of Republican clubs, who is now here to remain until after the convention next week, has received so many assurances of attendance from clubs that he is of the opinion that this year's will be one of the largest and most successful conventions ever held. The fact that Gov. Roosevelt will be present and will speak is arousing much interest, especially throughout the West.

## HAS CAPITAL OF \$50,000,000

New Company to Use Wireless System for Telegraphy

Trenton, N. J., July 11.—The National Telephone & Telegraph company, with an authorized capital of \$50,000,000, filed articles of incorporation today. The company is empowered to conduct a system of telegraphing without wires, and deals in telegraph and telephone materials. It is thought the Western-Elkins-Whitney syndicate is back of the project.

Astor Flees From London.

London, July 11.—[Special Cablegram]—William Waldorf Astor left suddenly for Germany this morning, cancelling engagements. Rumor says he flees because of the ban of Wales for his action in the Milne affair.

## CROP OUTLOOK IS MORE ENCOURAGING

THE RECENT RAINS HAVE BEEN OF GREAT BENEFIT.

Winter Wheat and Rye Being Cut—Oats and Barley Suffered From the Drought—Very Little Haying Has Yet Been Done, but the Yield Will Be Better Than Anticipated.

The average temperature for the week was from two to eight degrees higher than that of the previous week, and ranged from seventy-six degrees along the southern border to sixty-two over the extreme southwest counties. Extremely high temperatures were general over the state on the 3rd, 4th and 5th, the daily maximum on these dates being generally above ninety degrees. The latter part of the week was decidedly cooler, but not sufficiently cool to check the growth of vegetation.

The week has been characterized by severe local thunderstorms, high winds and heavy rainfall in all parts of the state, the total precipitation for the week in some sections amounting to over five inches. The rainfall was heaviest in the northwest section and lightest over the northeastern counties, including Brown, Calumet and Kewaunee. Severe local storms, accompanied by high winds and hail occurred in Adams and Juneau counties. The hailstones were of large size and did much damage to crops in a few localities, while high winds destroyed many fruit and forest trees. Generally the rains were of great benefit, and the outlook for crops is decidedly more encouraging. The soil is now well stored with moisture and all vegetation is growing rapidly.

The high temperature and abundant rainfall of the past week have proved very beneficial to corn, which now promises to be a very good crop. The early plantings are in excellent condition, while the late plantings are now growing rapidly, and with favorable weather will make a good crop.

Winter wheat and rye are now generally ripe, but very little harvesting was done during the week, on account of the rains.

The rains came too late to materially improve oats and barley, although late sown grains will be benefited to some extent. Barley is beginning to ripen, and will be ready to cut in about ten days. The straw is very short but the heads are reported as fairly well filled, and the quality is good.

Very little haying was done during the week, but it is stated that the yield was slightly better than was anticipated. There are some reports of damage to hay by the rains. The outlook for feed is more encouraging than last week; millet sown before the rains is growing rapidly; much fodder corn is being planted, and a second crop of clover is starting nicely.

Pastures have improved greatly since the rain and will soon be in condition to supply an abundance of feed.

The rains have greatly benefited tobacco. Replanting is practically completed, and early set fields are looking good; the stand is good and the young plants are making excellent progress.

The high winds during the week caused some damage to apple trees, but the outlook is encouraging for a fairly good crop. The rains will improve the berry crop to some extent, but the yield will be light.

## FEEDER FOR BELOIT COLLEGE

Lutheran Academy at Mount Horeb, Wis., Will Probably Be Absorbed.

Madison, Wis., July 11—Prof. A. W. Burr of Beloit college practically concluded arrangements with Congressman H. B. Dahle today, whereby the Lutheran academy at Mt. Horeb will hereafter be managed by the authorities of Beloit college and be a "feeder" or preparatory school for that institution. Similar "feeders" to Beloit are now maintained at Rochester and Ashland, Wis., and Ft. Byron, and Warren, Ill.

The Mt. Horeb academy was closed several years ago because of a church quarrel. The property recently came into the possession of O. B. Dahle, father of Congressman Dahle.

## First Gun Fired...

Just now when Shirt Waists are a necessity we will give women a rousing benefit by making a great cut in prices. Stanley Shirt Waists are well known, and today take the lead for perfection in make and style. Naturally at this time our stock is somewhat broken but we still show many excellent ideas in waists.

COLORED WAISTS—Prices as they look after being shoved full of holes:

50c } Waists, 48c  
75c }  
\$1.00 }  
\$1.25 } Waists, 83c  
\$1.50 }

WHITE WAISTS—Many beautiful creations, the prettiest things ever shown here. They are much superior to white waists usually found in stores.

Shattered Figures:

\$1.25 waists, 95c.  
1.50 waists, \$1.25.  
1.75 waists, 1.40.  
2.00 waists, 1.65.  
2.50 waists, 1.85.  
3.00 waists, 2.25.  
3.50 waists, 2.85.

Don't put off coming if you need any waists. An opportunity like this to buy "Stanley" Waists at the present prices is worth taking advantage of.

## The Ball Rolls....

After the 4th people are looking for bargains, and we start the ball rolling by offering 50 pieces of Fancy Dimities, that have been 8c and at that figure selling readily, — in light and dark stripes and figures, large variety of patterns; made up with a little trimming of ribbon or lace, looks like more expensive material, nice for wrappers, by offering these Dimities at 6c.

## Linen Skirts.

We have received many compliments on our showings of summer skirts. Our skirts hang true, they have merit and the sale has been large. We are letting them out now at cut prices. Investigate.

## Petticoats at 95c.

The petticoats are made of light weight duck, gislatea cloth and silkette, in small figures and pretty stripes, light, medium and dark colors. They have an adjustable yoke band, wide ruffled flounce, and the former price, \$1.25, was considered reasonable for them.

WOMEN who are about to take a trip will find this store a good place to get anything needed to complete their wardrobe. ## WORK OF CONGRESS.

## COUNTRY'S FINANCES PLACED ON A FIRM BASIS.

## The Saving by the Refunding Act Will Equal the Interest on the Spanish War Debt—Benefits of the Free Homes Bill.

The last session of congress passed 182 public acts which had been approved by the president up to and including the month of May. Many of these were of general public interest and were carefully considered by both houses.

An act to define and fix the standard of value, to maintain the parity of all forms of money issued or coined by the United States, to refund the public debt and for other purposes was the first bill passed through the house of representatives and became a law on March 14 last.

This bill is the most important of all that became law during the session. It places the finances of the country firmly on the gold standard. No public official can hereafter disparage any dollar issued by the United States until the senate and house, with approval of the president, shall concur in amending this statute.

The bill also provides for the refunding of the national debt, amounting to \$850,000,000, into 2 per cent bonds. Since the passage of the act this refunding process has been constantly going on and now reaches about \$280,000,000. As the old bonds bore interest at the rate of 3, 4 and 5 per cent the national saving of interest on the bonds already refunded amounts to considerably more than \$5,000,000. This saving will nearly equal the entire interest on the \$200,000,000 borrowed to pay the expenses of the Spanish war.

Should we succeed in refunding the entire indebtedness of \$850,000,000 at the low rate of 2 per cent interest the national saving in interest would not only pay the interest on the Spanish war loan, but also the interest on the \$262,000,000 of bonds issued by the last administration in time of peace.

Under the minor provisions of the bill there has been a great increase of national banks of limited capital in the smaller towns, particularly of the western and southern states.

Bills providing for the government of the Hawaiian Islands and of Porto Rico, after long consideration, have finally become laws, while the bill for the government of Alaska has been passed.

The feature of the Porto Rican bill which occasioned most discussion is the most liberal toward that island of any ever incorporated into law. It provides a slight tariff on the products of that country coming to the United States and also on products shipped from the United States to Porto Rico, excepting necessities of life, all of which is turned over to the treasury of Porto Rico for a period of two years, or until local taxation can be provided by the new government. At the end of two years trade between Porto Rico and the United States becomes absolutely free.

Not only this. Congress has appropriated all the revenue derived from goods imported into the United States from Porto Rico since the occupation and amounting to more than \$2,000,000 for the benefit of the people of that island. All tariff collected at Porto Rican ports is also to be used for that purpose. This was a boon to those people, justified by the circumstances, and unparalleled for generosity toward any people.

This congress also passed the free homes bill, giving free homesteads on the public lands to actual bona fide settlers. This was a measure pledged by the platform of all parties.

An amendment to the pension act of 1890, known as the Grand Army bill, has also become a law.

A law of much importance passed during the session was that allowing the free transportation in bond of all goods shipped through the United States from a foreign country to another foreign country. This will be of great benefit to the shipping interests of the country.

An antitrust law amendment to the Sherman law of 1890 as effective and far-reaching as the constitution will permit has also passed the house of representatives.

The appropriation bills have been carefully scrutinized, and, although the aggregate is large, they are free from all questionable items. The growth of the country and the continued disorder in the Philippine Islands are solely accountable for the increase in these annual bills.

It was not deemed practicable to reduce the revenues during the last session, but should the present rate of surplus continue the committee on ways and means, having obtained leave to sit during the recess, will bring in a bill and press its passage at the beginning of the next session.

Meanwhile the treasury department has used about \$28,000,000 in refunding operations and will use \$25,000,000 more in the 2 per cent bonds already called in, thus practically disposing of the accumulated surplus for the year.

Congress has also done much in killing proposed legislation of a bad or questionable character.

## The Genuine Article.

The prosperity upon which the Republican party mainly relies for victory is the genuine article. It is unexampled in the history of this or any other country. It is so great and all pervading that the calamity howlers of 1896 have lapsed into silence.—Washington Post.

## Per Capita of Money.

On July 1, 1896, under the last Democratic administration, the per capita of money in circulation in the United States was \$21.10. This year on June 1 it was \$26.71 per capita, an increase of \$5.61 for every inhabitant in the country.

## DEMOCRATS IN CONFERENCE.

## Chairman Jones Is Calling in His Lieutenants.

Chicago, July 11.—An important fraction of the Democratic party rumbled into Chicago on a limited train today and took up quarters at the Auditorium Annex hotel. In the delegation were Senator James K. Jones of Arkansas, the party's national chairman; James G. Johnson of Kansas, chairman of the national executive committee; Charles A. Walsh of Iowa, national secretary; Committeeman D. J. Campan of Michigan; Senator White of California and James Hamilton Lewis of Washington. With the arrival of the leaders the room assigned to Senator Jones became a Mecca for Democrats who had business with the national chairman, and in it were held a prolonged series of conferences concerning the active management of the Democratic campaign. All in the delegation were fresh from conference with the two national nominees at Lincoln, Neb., and were charged with the ideas and suggestions of the presidential candidate and those of his advisers who remained at the Bryan home.

## Famous Midget Back.

New York, July 11.—Mrs. Tom Thumb was a passenger on the steamer Astoria, which arrived here last evening from Glasgow. The famous little woman, who is a trifle less than three feet high and about 60 years old, is still as sweet faced and good tempered as of old. She is now the wife of Count Magri, also a midget, who was her first sweetheart. Tom Thumb married her in 1863 when she was Miss Mump of Middleboro, Mass., and they were with Barnum for many years. On the death of Thumb Count Magri renewed his suit and won the widow for his wife.

## Caught by Science.

Rochester, N. Y., July 11.—While a number of scientists were testing the power of a newly constructed telescope from the roof of the Bausch Lomb optical works in this city, the instrument was turned on the Vincent street bridge for a minute and the observer plainly saw a man abstract a tub of butter from the wagon of a passing farmer and run down the road and conceal his plunder under the bridge. The man with the telescope notified the police by telephone, who captured the thief as he was unearthing his prize a few hours later. The man is now in jail awaiting sentence.

## Insane Man Boiled to Death.

San Jose, Cal., July 11.—George A. Morse, an aged and absolutely helpless patient in the Agnew's insane asylum, was slowly boiled to death in a bath in the men's ward of that institution last night. He was placed in a bath tub and, after the hot water was turned on the attendant left the room for a towel, forgot his patient and did not return until the unfortunate was fatally burned.

## Return of Commander Sperry.

San Francisco, Cal., July 11.—Commander C. S. Sperry, who has been until recently in command of the gunboat Concord in Chinese waters, has arrived in this city on his way to Washington. He was detached from his ship just before the trouble developed in China.

## Board Bill Leads to Murder.

New Albany, Ind., July 11.—In a discussion over an alleged board bill here, Archie Dye shot and instantly killed Peter Carnes. Dye claims Carnes was advancing on him with a knife when Dye shot him. Dye is an ironworker and Carnes operated a saloon and boarding house. Both the men are about 50 years old. Carnes leaves a wife and two daughters.

## Tarantulas Bite Trainmen.

Cuernavaca, Mexico, July 11.—Scorpions and tarantulas have made their appearance in such numbers at Iguala and other points on the Mexico, Cuernavaca & Pacific railroad as to interfere with the operation of that line and the transaction of other business. So many of the trainmen have been bitten by the poisonous insects that the running of trains is delayed. At Iguala a bounty has been offered by the municipal authorities for the killing of the pests, and hundreds of men and boys are employed in slaughtering them.

JANESVILLE SHOULD ADVANCE.

Janesville needs many things, some more than others, but no pressing need should be neglected. If the Bower City is to go ahead, she should have everything that good cities have. People are sometimes known by the company they keep, but a city is always known by the improvements made. The chief objection raised when an improvement is proposed, is the cost. It is natural, and proper that people should husband their resources, but the needs of the municipality should not be lost sight of. The moment a city ceases to go forward, it begins to go backward. Against the claim of the citizen must be placed the claim of the city. Does not one counterbalance the other? The city holds back none of its residents; should the residents hold back the city? There are two sides to the question, but what is good for John Doe, as a citizen, is also good for Richard Roe. Doe and Roe may not agree on this point, in individual cases, but the fact remains—the advancement of the city is as much in the interest of one as in the other.

Janesville has all the natural advantages she could ask for. No town in the country can hold out better natural inducements to prospective residents, but in the matter of public improvements our claims are not so good. There is no reason why Janesville should not double in size in the next few years, and to double in size, means to double the value of property. Liberty means growth. What better investment could be made? A new policy has been established since last spring, and it should be followed out, not only now, but in the future. False economy is as destructive as wasteful extravagance. There is a middle ground, and upon the middle ground the authorities should take their stand. Give us the needed improvements, and no public spirited citizen will protest.

Racine Journal—This district would very much have liked to have seen Mr. Whitehead nominated for governor, for it knows him to be a man of sterling worth and would have reflected high honor upon his district and state. Had he thought best to have remained in the race it would have given him its continued support. But such is not to be, and if Mr. La Follette wins the convention stakes, he will assuredly receive the solid support of every republican, and most certainly of every republican paper in the district, as would certainly any one of the other candidates yet in the field if successful.

Dr. Gilbert E. Seaman of Milwaukee, surgeon of the Fourth U. S. Cavalry, who returned Sunday from a year's service in the Philippines, says the war is entirely over, as far as any organized revolution is concerned. The army is in good condition, and the sick rate is low. Every provision is made for the comfort of the soldiers.

The democrats are figuring without

their host when they claim that the Germans will vote against President McKinley. Evidence of this fact is everywhere apparent. Rev. R. A. W. Einsie del, of Beloit, now adds his testimony to that of the others. Mr. Einsiedel first affiliated with the democratic party, but is now a republican out and out. He says the Germans of his acquaintance are generally for McKinley again this fall.

The trusts occasionally meet with a reverse. The Standard Oil company's warehouse at Fort Atkinson was struck by lightning the other day, and burned, loss \$1,000. It is thought that the company can withstand the shock, however.

It "rains great guns" in Kentucky every morning—when the spectators at the Goebel trial are searching for concealed weapons.

The republican caucuses will be held at the usual places this evening, and will be open from 6 to 8 p. m.

The Chicago Daily Democrat started to death, and no longer is. There is no field in Chicago for a Bryan paper.

A word to the wise is, or ought to be, sufficient at all times.

The St. Louis strikers are again "out."

MANY FILIPINO CURIOS.

Colonel Hilder Brings Rich Collection For Smithsonian Institution.

Colonel F. F. Hilder, chief clerk of the bureau of ethnology, has returned from the Philippines, where he went to make a collection under the direction of the Smithsonian institution for exhibition at the Pan-American exposition to be held in Buffalo next year. His mission was a very successful one, and he has brought home with him a valuable collection of Filipino curios and specimens of native industry.

The collection will arrive in Washington within a few days and will be prepared at the National museum for exhibition at Buffalo. When the Buffalo expedition is ended, the collection will be returned to Washington and placed in the National museum. The collection is a representative exhibit of the manufactures, trades, arts, tools, domestic utensils, costumes, weapons, woods and industries of the islands. In the collection are models of native houses and boats, apparatus used in the industry of fishing, agricultural implements, photographs showing native manners and costumes, musical instruments from the very crudest made of bamboo to the finest product of the workshops of Manila, furniture of bamboo and elegant hardwoods, cannon, guns, swords, knives, bolos, infernal machines and other instruments of warfare, rolls of handwritten native music, exhibit from the schools and all manner of articles calculated to throw light upon the manner of life in the islands.

Colonel Hilder brought with him specimens of more than 100 varieties of wood, about 40 of which are cabinet woods, most of them entirely unknown to the western world. To a Washington Post reporter Colonel Hilder said that the wood industry of the islands promises to develop into one of great magnitude. He expressed the belief that the Philippines were capable of supplying the world with cabinet woods for centuries to come. The one from which he has just returned is Colonel Hilder's third trip to the islands, and he is enthusiastic over the possibility of their development when peace has been fully restored.

Plausible, but Failed.

The cunning of children is well recognized to be of a very superior kind, and it is seldom if given a chance that they cannot inveigle their elders into seeing things their way. The following is an instance of where a little girl slipped up on this by not taking into consideration that her mother had had enough experience with children to have an insight into their nature.

The girl's birthday was a couple of weeks off, and her parents had told her that they were going to give her a handsome present upon that occasion. She had been counting "the minutes" for several days, but thinking she could not possibly wait her birthday without knowing what her present would be she stole softly up to her mother and begged her to show her the present.

"Why, it wouldn't be right to show it to you now," her mother answered, "because we want to surprise you on your birthday."

"Oh, that's all right!" exclaimed the little one. "I'll forget what it is before then."—Memphis Scimitar.

Baby's Overplus of Brain.

"Oh, John," exclaimed the fair young mother, "I am glad you're home. I have been so worried."

"Why, dear," he asked, "what's the matter?"

"It's about the baby. I tremble to think of it. You know they say children that are too smart never grow up."

"Yes, yes," he cried; "go on. What is it? Where is our darling? What has happened? Go on."

"John," she said, putting her arms around his neck and sobbing upon his breast, "he said, 'Da, da,' today, and he is only 9 months old."—London Tit-Bits.

A Different Kind of Man.

A school inspector up Westchester way was making his rounds one day and visited a school not a thousand miles from Mammoth. Among the questions he asked the children was, "What is a pilgrim?" One child said, "A man who comes to America to be religious."

Another said, "A person who travels from place to place."

"Well, I do that," said the inspector. "Am I a pilgrim?"

"Oh, no," said the boy quickly. "I meant a very good man."—New York Commercial Advertiser.

Handshaking.

In the days of knight hood every man carried a sword and was ready to slash his neighbor upon the slightest pretext. When friends met, they grasped one another by the right hand, thereby indicating peaceable intentions, as each one thus gave up to the other his fighting arm. That is why we shake with the right hand.—Ladies' Home Journal.

A Martyr.

"That's the way," cried the forger as sentence of ten years was imposed, "all of us great writers are compelled to suffer for giving full freedom to our art!"—Philadelphia North American.

ALL WERE SAFE JULY 5.

Secret Dispatch from United States Consul Goodnow.

Washington, July 11.—The secretary of state has received a dispatch from Mr. Goodnow, United States consul general at Shanghai, stating that it is given out by the governor of Shanghai that the legations were standing July 5 and that the outlaws were dispersing. Mr. Goodnow adds that this statement does not obtain general credence.

General MacArthur cables the war department that the Fourteenth Infantry and the Fifth Artillery will leave Friday for Taku. Other troops are being sent to replace these.

Washington, July 11.—The state department has concluded to make public the identical note which was delivered recently to the powers as defining the position of the United States respecting the Chinese troubles. It is understood that this circular instruction was drawn up June 30 and transmitted to Canton for the approval of the president, and communicated to the powers concerned July 3. It embodies the views to which this government has strictly adhered from the very beginning of the present troubles, and which the different powers have one by one taken into favorable consideration. The view announced at the start by the president that we did not consider ourselves at war with the Chinese nation, and that all our efforts should be directed to localizing the disturbances in the Province of Chih-Li and keeping them from spreading throughout the empire by enlisting on the side of peace the powerful viceroys of central and southern China, has now, apparently, been adopted by all the other powers. It is too soon to prophesy the ultimate results of this policy, but thus far the indications are all favorable. It will be seen that no answer from the different powers was required or expected to the circular of July 3, but it is understood it has been everywhere favorably received, and that no objections have been made to it in any quarter.

It is not true that there has been any formation of groups or combination of powers of any sort whatever. It may be positively asserted, for instance, that the co-operation of France and the United States has been constant and cordial.

## CHAS. H. BELDING DEAD AT MADISON

### JANESVILLE BUSINESS MAN IS CALLED HOME.

Emise Follows an Attack of Mental Derangement—Was a Son of the Late Dr. Belding and Well Known—His Death Will be Sincerely Mourned by Many.

Charles H. Belding, of this city, died at the State Hospital for the Insane at Mendota last evening, and the remains will be brought to Janesville on the seven o'clock train this evening. The funeral arrangements are not yet complete, but the interment will probably be made at Shopton.

The announcement of Mr. Belding's death will come as a surprise, and a shock to his friends. Some days ago, he showed signs of mental derangement, and a commission of physicians was appointed to examine him. This was done and Mr. Belding was pronounced insane. He was taken to Mendota on Saturday, his demise occurring, as above stated, but a short time after his arrival at the hospital.

Mr. Belding was a son of the late Dr. Belding, of the town of LaPrairie. He was born on the family homestead in that township about thirty-eight years ago. From his childhood Mr. Belding showed a marked inclination for business, and when a very young man engaged in the breeding of fancy poultry. For some years he followed this business, his poultry farm being as complete as any similar institution in the country. His trade covered the whole United States and the "Elizabethtown Yards" were known wherever fancy poultry was handled. A few years ago Mr. Belding gave up the poultry business and soon afterward, located in Janesville, engaging in the farming implement trade. At first he was located in the old rink but later removed to North river street where his business was located at the time of his illness and death.

A wife and one child, a girl seven years old, as well as the mother, Mrs. A. M. Belding, survive him.

Mr. Belding was a man of excellent traits. He was popular with all who knew him, and his death will be sincerely regretted by his friends throughout the country.

The funeral will be held from the home at 157 North Bluff street at 2 o'clock Friday afternoon.

## BOTH CANDIDATES DROP OUT OF RACE

Hard Luck of a Madison Politician Who Was Working First For Bradford Then for Whitehead.

A Madison dispatch tells this story: A good story is told at the expense of one of the statehouse politicians who went into the northern part of the state recently to work his political influence for Mr. Bradford for governor and see that delegates favorable to the Eau Claire county man were sent to the district convention. His mission lay especially in the country districts, and he put in some hard and earnest work in a house to house canvass among the farmers. Finally he went to town and was astounded to learn that his candidate had withdrawn from the race a week before. Determined not to let his labor go for naught he started back over the same territory to turn the sentiment he had created over to Whitehead, and had just got fairly started when the latter also withdrew. Then he came back to his desk at the capitol disgusted with politics.

## EAST SIDE WON THE STEIN

Matched Game of Golf Played On the Buckle Links Yesterday.

The annual contest for the large Stein, which has stood on the east end of the mantle in the club house of the Siniisipi Golf Club for the last year took place yesterday afternoon at the club grounds. A large number of enthusiasts gathered at the club house to see the match and be in at the finish.

The east side were again victorious by a score of 44 to 32, and the Stein will remain on the east side of the mantle for another year at least. The west side have the advantage of the east side in one respect, they have the majority of the strongest players, but the east side won out by having the larger number of B. class players. Both sides were crippled by the loss of a number of their strongest men making it more difficult to pair them off evenly. Putting a strong player against a weak one is no test of their game. The rivalry between the two sides of the river is very strong and a large amount of good natured interest was developed during the game.

A basket picnic was held after the match and was thoroughly enjoyed by those who remained.

GOLDEN CROWNS, La Deliciosa, Gatos Key West Havana cigars, 4 for 25 cents. Grubb.

### Good Form in Russia.

In Russia it is not considered good form for a girl to dance a whole waltz or polka with one partner. Three or four men dance a round or two each with the same lady, returning her to her original partner at the end of the dance.

## PROPERTY OWNERS

### MAKE PROTESTS

First Ward Citizens Claim That Madison and Washington Streets Do Not Need Macadamizing.

A number of citizens owning property on the streets proposed to be macadamized met at the council chambers yesterday afternoon. Mayor Richardson presided at the meeting which was quite heated at times. Attorneys A. A. Jackson, W. G. Wheeler and M. O. Mount were present in the interests of several of the property owners.

Most of the objection was raised by property owners in the First ward. There were no protests from the property owners on Court, Clark and Dodge streets and but from one on Pleasant.

Property owners in the First ward claim that Madison and Washington streets are in perfect repair and do not need macadamizing. The arbitrary rule adopted by the city for improving the streets without consulting the property owners does not seem just to them.

The property owners on Ravine street object to macadamizing for the reason that a large number of the lots to be improved do not front on the street. The benefit they would receive from the improvement would not be in keeping with the amount assessed to them.

In the cases where the specific protests were made, they will be reported to the council at its next regular meeting. Very few specific protests were received.

## LA FOLLETTE TO BE AN EASY WINNER

So Says Chairman Treat of the State Central Committee—Meeting for August 7.

Milwaukee, July 11—Joseph B. Treat of Monroe, chairman of the republican state central committee, concedes the nomination of Robert M. La Follette for governor. "There is no organized opposition to the nomination of Mr. La Follette," said Mr. Treat when seen in the Pfister hotel today, "and I fully expect to see him nominated by acclamation." Mr. Treat says he is not a candidate for re-election as state chairman, in the sense of being an applicant for the place. It is his belief that there should be no applicants for this particular position, holding that the convention should be the judge of the man who is best fitted for the place. Mr. Treat said today that he would accept another term as state chairman if such was the desire of delegates to convention. Secretary Stickney has not made up his mind yet as to whether he will accept a term in his present office, under the new conditions which have arisen.

It was determined by Chairman Treat to call the republican state central committee together for a meeting to be held at noon on August 7, which is the day before the state convention in the Exposition building. The chairman says he is now considering the matter of selecting a temporary chairman for the convention and will confer with other members of the committee on the subject. In deference to the sentiment now prevailing in the party Mr. Treat will undoubtedly select a man who is acceptable to Mr. La Follette.

## REV. R. C. DENISON WILL TIE THE KNOT

Marriage of Miss Bessie Strickler and Frank Berneseck Will Take Place This Evening.

At 6:30 o'clock this evening the Reverend R. C. Denison of the First Congregational church, will pronounce the words which will unite in marriage Miss Bessie Strickler and Frank Berneseck. The ceremony will take place at the church parsonage. The happy couple will leave on the 7:15 train for Chicago on a short wedding trip and will make their home in this city upon their return.

The bride to be is the daughter of Mr. and Mrs. P. G. Strickler of this city and is a young lady with a host of friends. The groom is a tailor in the employ of McDaniels & Achterberg and is well known in this city. Their many friends wish them a happy wedded life.

## NEGRO LABOR FOR HAWAII

Planters Will Try to Replace Japanese by Southern Workers

Honolulu, July 1, via San Francisco, July 11—It is to the colored people of the Southern states that the plantation owners of the Hawaiian islands will turn for relief in the matter of the vexed labor question. John Hind and J. B. Collins of Kohala plantation have left for the Southern states in quest of negro laborers. They have assurance that 300 or 400 can be recruited at New Orleans. The plantation will pay their expenses to the country and give them \$30 a month. If enough negro labor can be secured the services of the Japanese will be dispensed with altogether.

## RACINE FIRM GETS CONTRACT

Will Make \$275,000 Worth of Khaki Uniforms for Soldiers.

Racine, Wis., July 11—The Badger Manufacturing company of this city has been awarded \$275,000 contract for furnishing the government shirts and khaki uniforms for the soldiers in the Philippines.

About two months ago the company put in a bid and some two weeks ago Mr. Elming, president of the concern, went to Washington, returning with the signed contract. Not long ago the Gold Medal Camp Furniture company of this city was the successful bidder on a large order of cots for the Philippines. The Racine Shoe company received the contract for \$35,000 worth of shoes.

## PRAISES OUR CELEBRATION

Clinton Paper Says Janesville Marked the Fourth in Fine Style

The Clinton Herald says: "Another glorious Fourth is past and gone. Here, it was a very quiet day. Probably seventy-five or more of our people spent the day in Janesville, where they had a fine program, lot of attractions and a big crowd. Their Nonesuch circus was especially good. About twenty-five others went to Beloit, where the morning parade was excellent, and the athletic sports good, but the outside attendance rather light."

## AMERICAN REVIEW OF REVIEWS.

Excellent character sketches of both the republican and democratic presidential nominees will be found in the American Monthly Review of Reviews for July. Dr. Charles B. Spahr writes of Mr. Bryan and the principles that he represents, while a friend of President McKinley tells of his personal traits and the record made by his administration.

The Republican Convention at Philadelphia is discussed in a frank and interesting way in "The Progress of the World" in the American Monthly Review of Reviews for July. The harmony that marked the proceedings is especially pointed out, and it is said that "The occasion, from beginning to end, was altogether a model of its kind." The political candidates and issues are caricatured in the usual amusing style in the cartoon department.

## MARTIAL LAW IN CAPE NOME.

Place Is Described as "a Hell Upon Earth."

### KILLINGS OCCURRING DAILY.

Town Placed in Charge of Gen. Randall of the United States Army—Gold Seekers Stranded—\$2,500,000 in Gold Arrives.

San Francisco, Cal., July 11.—Martial law has been proclaimed at Nome City by General Randall, commanding the United States forces in that district, according to advices received by the steamer St. Paul, which came direct from Nome with about forty passengers and \$1,500,000 of treasure. Most of the treasure is from Dawson. Only \$125,000 came from Nome, as the greater part of the passengers had poor luck and are glad to get out of the country. Ben Langford and his partner, from Rampart City, brought down \$150,000 as a result of one year's clean-up. The necessity for martial law arose from the jumping of mining claims and other acts of lawlessness.

**Killing of Daily Occurrence.**  
The St. Paul also reports many cases of smallpox and typhoid fever at Nome. When she sailed it was thought, however, that the further spread of the disease had been checked. The St. Paul left Nome on June 27. All the passengers and officers unite in describing the new arctic Eldorado as hell on earth. There is no law or order; no safety for property. Killings are of daily occurrence and robberies are frequent. The day before the steamer sailed the Nome chamber of commerce met and decided to turn over the government of the city to United States Commissioner Rawson, who, with some other soldiers, is expected to enforce law and order. Deadly affrays are constantly occurring over town lots and buildings. Joe Lyne, a watchman for the Alaska Commercial company, quarreled with Hank Lewis of St. Louis over property lines and both drew revolvers. Each fell in his tracks, shot through the heart.

**Property Not Safe.**  
For fifteen miles the beach is crowded with tents, so crowded that work is impossible. Some men get out enough gold to pay expenses, and fever is claiming hundreds, owing to bad water and lack of drainage. Many are striking out to Koyukuk, Tanana, and other new districts, but a majority of those camped on the beach have not enough coin to stamper, and have no one to leave in charge of their outfits. Any property left without guard is stolen within a few hours. Passengers say that even if some claims prove rich there will be great suffering among those who are poorly provided with money. They say something should be done to prevent any more prospectors going into Nome.

**10,000 Stranded Gold Seekers.**  
Washington, D. C., July 11.—Treasury officials by information they have had from various sources the last two weeks have reason to believe that there will be over 10,000 stranded fortune hunters in Nome when navigation closes this fall, and that steps should be taken to bring these people back to the states so that they will not have to endure the hardships and sufferings that are bound to come next winter.

**\$900,000 from the Klondike.**  
Seattle, Wash., July 11.—The steamer City of Seattle returned from Alaska with a gold contribution of \$900,000 to the world's wealth. The treasure came from the Klondike. Of the total amount dust valued at \$800,000 was shipped out by the Canadian Bank of Commerce and the Bank of British North America of Dawson to the Seattle assay office. The treasure was stored in thirteen strong boxes and a few sacks. Besides this wealth there was not less than \$100,000 of individual gold.

**Corset Steel Saves Her Life.**  
Saginaw, Mich., July 11.—David H. Hearn, aged 38, became jealous of his pretty 19-year-old wife and attempted to end her existence. When she came into the house from a trip to Grand Rapids he fired a shot at her, mangling some of her fingers. He then chased her around the house, firing a number of shots without effect. He finally threw her to the floor, and, pointing the revolver to her breast, fired. The bullet struck a steel in her corset and this saved her life. The would-be murderer then sent a bullet into his own breast and it is more than probable that he will die.

**Bloodshed Fanned at Bell Island.**  
St. John's, N. F., July 11.—The Bell Island strikers succeeded in preventing a coal ship being unloaded or any other work being done at the mines. The managers of the mines have applied to the Supreme court and the government for protection. The whole available police force of the colony will proceed to the scene at daylight to protect the working gangs. A bloody affray is feared, as this means the last scene of the strike drama.

**Republicans to Meet.**  
Cleveland, O., July 11.—Although

Senator Hanna has done his level best ever since arriving home from the Philadelphia convention to conceal the fact that there was to be a meeting in this city of the new national executive committee of the Republican national committee, is to meet here on July 13, which is Friday of this week.

It has been demonstrated repeatedly in every state in the union and in many foreign countries that Chamberlain's Cough Remedy is a certain preventive and cure for croup. It has become the universal remedy for that disease. M. V. Fisher of Liberty, W. Va., only repeats what has been said around the globe when he writes: "I have used Chamberlain's Cough Remedy in my family for several years and always with perfect success. We believe that it is not only the best cough remedy, but that it is a sure cure for croup. It has saved the lives of our children a number of times." This remedy is for sale by Smith's Pharmacy, next to postoffice. Kodak agents.

## THE BOERS QUIT POSITIONS.

Retire from Senekal in Orange River Colony.

Senekal, Orange River Colony, July 11.—An extended reconnaissance today resulted in the discovery that the Boers had evacuated all their positions around Senekal. Numbers of them appear to have gone toward Ficksburg and the remainder in the direction of Bethlehem. The British commanders express the opinion that the retirement of the Boers foreshadows a speedy end of the war in this section of the country.

London July 11.—Lord Roberts has sent the following dispatch to the war office:

"Pretoria, July 10.—Clements and Paget's forces entered Bethlehem July 7. The former, on nearing the town, sent in a flag of truce, demanding its surrender, which was refused by De Wet, when Paget, making a wide turning movement, succeeded in getting hold of the enemy's most important position, covering the town. This was carried before dark by the Munster Fusiliers and Yorkshire Light Infantry. This morning the attack was continued, and by noon the town was in our possession and the enemy in full retreat. Our casualties were four officers and twenty-two men of the Munsters wounded; one missing; Captains MacPherson and Weakes and Lieutenant Conway, severely, and Lieutenant Boyd-Rochefort, Scottish Rifles, slightly wounded; seven men of the Yorkshires wounded; one killed; two wounded of the Imperial Infantry.

**Mob Raids a Camp of Negroes.**  
Moline, Ill., July 11.—A mob of 300 excited men and boys raided a camp of negroes imported from St. Louis to do the grading for the D. R. I. & N. W. extension to East Moline because the negroes tore down the south section of the fence around the new baseball park of the Moline Athletic club. The park is on leased ground and the right of way which the road has secured runs fifty feet inside of the fence. The negroes sought safety in flight when the tents were descended upon, and stones, sticks, clubs and revolvers were flourished, but thirteen of them and Superintendent Downey, Foreman Corrigan and Timekeeper Corken fell into the hands of the mob and were escorted to the police station, where they were held for malicious mischief.

**Fight with Mad Dog.**  
Passaic, N. J., July 11.—While Mrs. Charles Leonone was out driving yesterday her pet bulldog attacked her, trying to fasten its teeth in her ankles and jumping at her throat. Mrs. Leonone fought off the animal and tried to kick it from the wagon, but the dog returned to the charge. Convinced that she could not get rid of it Mrs. Leonone grabbed it by the collar, holding the animal to the floor with one hand and guiding the horse with the other. She drove swiftly toward the stable, where a groom killed the dog. Then the brave woman fainted.

**Strange Plague Down South.**  
New Orleans, La., July 11.—President Souchon of the state board of health has received a telegram from the president of the board of health of Caldwell parish, of which Columbia is the seat, urging that an expert, tents, disinfectants and sanitary inspectors be sent there at once, as a mysterious plague had broken out, which was fatal in every instance. Forty persons, mostly negroes, had succumbed to the disease. President Souchon complied with the request. It is believed the epidemic is a malignant form of smallpox.

**Walnut, Ill., Swooped by Fire.**  
Princeton, Ill., July 11.—Eighteen buildings in the business section of Walnut, comprising over half of the business part of the town, were destroyed by fire, causing a loss of \$112,000 with insurance of \$48,000. The fire started in the opera house building, and extended an entire block on both sides of the street and to the grain elevator and passenger station.

**South Peoria Joins Peoria.**  
Peoria, Ill., July 11.—By a majority of thirty votes the village of South Peoria has voted to become a part of the city of Peoria. This will add a new ward and over 3,000 people to the population of the city.

## CHARGE MURDER BY CREMATION

Prominent Citizen of Joliet Accused of Having Burned His Wife.

Joliet, Ill., July 11.—The arrest of Frank Shreffler, a prominent citizen, charged with the murder of his wife by burning her alive, caused a sensation. Mrs. Shreffler met her death two weeks ago by what was supposed to have been accidental burning. The sister of the dead woman now charges that the husband saturated her clothing with gasoline and set her on fire. Neighbors of the family were aroused at midnight two weeks ago by the screams of Mrs. Shreffler. Upon entering the house they found her enveloped in flames and holding a baby in her arms. The woman, while being slowly burned to death, held to her child and fought her rescuers, who tried to take it from her. The child was finally seized, but not until it was so seriously burned that it will be disfigured for life. The mother after suffering great agony, died next day. Shreffler seemed to be prostrated with grief, and had the sympathy of the community. The entire city has been stirred by the fearful charge made against him by his sister-in-law. Shreffler denies the allegation in toto, and in support of his assertions has received the assistance of influential persons, including a Roman Catholic priest. All unite in declaring a conspiracy exists on the part of the relatives, who, it is said, bring the charges to gain possession of approximately \$20,000 worth of property, which Shreffler's thrift and energy has expended in everyday life for a quarter of a century, accumulated for him.

**Police Chief Fools Thugs.**  
St. Louis, Mo., July 11.—It developed in the police court that Chief of Police Campbell, with a revolver, had baffled four men on a lonely road and had taken one of them into custody. The man was tried on the charge of carrying concealed weapons and lightly sentenced. The chief and his wife were out driving near Cavalry cemetery when four men, shouting and cursing, approached in a wagon. Two of them jumped from the vehicle and made toward the head of the horse which the chief was driving. He drew his revolver and shouted "Stop!" They obeyed. Campbell then jumped from his buggy, covered one man with his weapon and arrested him.

**Trolley Car Runs Wild.**  
New York, July 11.—A Third Avenue surface car got beyond control of the motorman shortly after 1 o'clock this morning and dashed from One Hundred and Twenty-eighth street at lightning speed. Luckily the few passengers on it jumped to safety. At the foot of the hill it crashed into another car, completely wrecking it, fatally injuring one woman passenger and slightly injuring several others. The motorman of the rear car and the conductor of the forward car were also badly injured. Both are at the hospital and the physicians say they may die.

**Death of Capt. James Mather.**  
Springfield, Ill., July 11.—Capt. James Mather died at the residence of his son-in-law, Maj. Bluford Wilson, aged 92. Capt. Mather came to America in 1817 with his parents, who were members of the historic Birbeck colony that founded Edwards county, Illinois. He was pioneer steamboat captain on the Ohio and Mississippi, and enjoyed the friendship of Henry Clay and Andrew Jackson. He was inspector of hulls at Louisville from 1874 until 1880.

## He Loves Me—?

The dainty flower oracle may tell her true or false, but some day the prince will come and she'll dream the dream of home life and motherhood. In that dream she will see herself always happy, always with a smile for the husband and a kiss for the baby. What a pity to wake from such a dream, to almost loathe her husband and hate her child, because cruel pain has blighted her body and warped her mind. How many a woman has had this sad awakening from her dreams of home and love! There's help and healing for every woman who suffers from womanly diseases, caused by girlish ignorance, wisely neglect or the strain of maternity. Doctor Pierce's Favorite Prescription makes weak women strong and sick women well. It heals diseases of the delicate organs, practically does away with the pains of maternity and gives the nursing mother vigor and vitality.

"Two years ago," writes Mrs. Kattie Auliker, of 754 Park Street, Alliance, Ohio, "I used two bottles of 'Favorite Prescription' and in April a nice baby was born. Before I got the medicine, I had to vomit every day but after I got the medicine, from the first spoonful that I took, I stopped vomiting. It is a God-send for women." When a laxative is needed, use Dr. Pierce's Pleasant Pellets with "Favorite Prescription."

# BOILS AND CARBUNCLES

These unwelcome visitors usually appear in the spring or summer, when the blood is making an extra effort to free itself from the many impurities that have accumulated during the winter months.

Carbuncles, which are more painful and dangerous, come most frequently on the back of the neck, eating great holes in the flesh, exhaust the strength and often prove fatal. Boils are regarded by some people as blessings, and they patiently and uncomplainingly endure the pain and inconvenience under the mistaken idea that their health is being benefited, that their blood is too thick anyway, and this is Nature's plan of thinning it. The blood is not too rich or too thick, but is diseased—is full of poison—and unless relieved the entire system will suffer. The boil or carbuncle gives warning of serious internal troubles, which are only waiting for a favorable opportunity to develop. Many an old sore, running ulcer, even cancer, is the result of a neglected boil.

## Baneful Boils

Mr. R. M. Pratt, Cave, S. C., writes: "For twenty years I was sorely afflicted with boils and carbuncles caused by impure blood. It is impossible to describe my suffering, part of the time being unable to work or sleep. Several doctors treated me, and I tried all the so-called blood remedies, but nothing seemed to do me any good. During the summer of 1883 I was persuaded to try S. S. S., and after taking several bottles was entirely cured, and have had no return of these painful pests up to the present time."

## Dangerous Carbuncles

S. S. S. cures boils and carbuncles easily and permanently by reinforcing, purifying and building up the blood and ridding the system of all accumulated waste matter. S. S. S. is made of roots and herbs which act directly on the blood, and all poisons, no matter how deep-seated, are soon overcome and driven out by this powerful purely vegetable medicine.

S. S. S. is not a new, untried remedy, but for fifty years has been curing all kinds of blood and skin diseases. It has cured thousands, and will cure you. It is a pleasant tonic as well as blood purifier—improves the appetite and digestion, builds up your general health and keeps your blood in order.

ballot at such caucuses giving the name and in cities the residence, street and number. In cities, only the voters whose names appear on the registry list shall be allowed to vote except it is shown by affidavit that the elector is a qualified voter and resident of the caucus district, which affidavit must be corroborated by at least two freeholders.

At least two freeholders of the caucus and secretary of the caucus shall certify to the chairman of the county committee, the names of the delegates chosen at the caucus, giving the vote of the several candidates; and the persons receiving the most votes shall be legally elected delegates. The committee having charge of the caucus shall have authority to maintain order and enforce obedience to the lawful rules during the caucus.

In the towns in the First and Second assembly districts there are five sets of delegates to be elected, to-wit:

1. Delegates to the Assembly Convention to elect delegates to the State Convention.  
2. To the Superintendent District Convention.  
3. To the County Convention.  
4. To the Assembly Convention.  
5. To the Senatorial Convention.

The towns in the Third Assembly District, therefore, delegates to the county convention, except the senatorial delegates, to the county convention to elect delegates to the State Convention and to the Superintendent District Convention are to be elected.

Herewith enclosed please find a return, which should be executed and attached to the list of delegates to the county convention, and then returned to Thomas S. Nolan, chairman of the Rock County Republican Committee, Janesville, Wisconsin.

## CHINA AND THE CHINESE

Interesting Facts About the Country and Natives.

### TARTARS ARE THE RULING CLASS.

Chinese Pigtail Dates From the Tartar Invasion—Strange Customs Which Are the Opposite to American Ideas—Favorite Chinese Dishes. The Three Principal Religions—Age of the Empire.

As China is now the seat of international interest the following facts about that country are of timely interest:

China and its dependencies have a total area of 4,218,401 square miles and a population of 492,680,000. In area it includes nearly one-twelfth of the total area of the globe, while its population includes nearly one-third of all the people in the world, says the Chicago Tribune. As compared with the United States, the latter's island possessions being excluded, China has 800,000 more square miles of territory and more than five times as many inhabitants. The population of China proper per square mile is 292, that of the state of Rhode Island is 254 and that of Texas 6.

China is the land where everything is upside down. Thus in Canton the women act as sailors and boatmen, while the men are employed as chambermaids, laundresses and seamstresses. In salutation the Chinaman shakes his own hand instead of that of his visitor. As a mark of respect he puts his hat on instead of taking it off. Their signboards are perpendicular instead of horizontal. In reading Chinese print it is necessary to begin at the right hand side at the bottom and read to the left and up. The Chinese raise the toe of the shoe and depress the heel instead of raising the heel, so that they sometimes appear to be in danger of falling over backward.

The Tartars, who overthrew the native Chinese dynasty of China in 1644, are the ruling class in China. There are in the neighborhood of 10,000,000 Tartars in the empire. The "Chinese pigtail" dates from the Tartar invasion, when the Tartars forced the Chinese to grow queues after the Tartar custom as a mark of subjection. Thousands of Chinese were killed for refusing to plait their hair, and even now the new China party has as one of its objects the abolition of the old rule. There are or were until recently less than 12,000 foreigners permanently resident in China. Of this number 5,000 are British, 1,600 Americans and 1,200 Japanese.

Most Christian ministers wear black clothes. The Chinese priests stick to bright yellow. People on this side the world signify their sorrow at the death of a relative or friend by putting on black garments. In China the mourning color is white. In the United States most people believe that the living have the first call upon their charity and care. In China more precautions are taken for the preservation of the body after death than before, and a Chinaman will lie down suppleless on his mat rather than neglect to light the evening joss candle in honor of his dead relatives. In most countries the deceased is surrounded by weeping relatives, and often a minister and a doctor are present. In China the dying are carried out of the house and left alone in some vacant space to die.

There are three principal religions in China, Buddhism, Taoism and Confucianism. The latter is almost without forms and ceremonies, consisting chiefly in study and contemplation of the teachings and works of the ancients. Buddhism and Taoism both have elaborate and splendid ceremonials. Taoism is the older, Buddhism having made its appearance in China about 1,800 years ago. It is now the religion of almost eight-tenths of the people. In the northeast and southwest there are 30,000,000 Mohammedans. The Roman Catholics have more than 1,000,000 adherents and support 20 bishoprics. The converts of all the Protestant churches are estimated to number not more than 50,000. Back in the remote interior of the kingdom the hill tribes are still nature worshippers or heathen.

At a grand dinner the Chinese begin with sweetmeats and conclude with soup. They sit sometimes at the table for five or six hours, with a midway interval or recess, during which bowls are brought in and the members of the party wash their hands and heads in hot water. Picnicked dog is a favorite dish, a special breed of poodles being raised for eating purposes. Stewed rat is another delicacy, and the Chinese are also fond of eggs when they have passed the point where even the cold storage man could call them fresh. Sharks' fins, bird nests, peacocks' livers, green ginger, cocks' combs and fowls' hearts and brains are dishes which might be found on the menu of a high class Chinese banquet.

If the Chinese themselves are to be believed, the Chinese empire has been in existence for more than 100,000 years. Other students say that it was founded 2,500 years before Christ, and by some Fohi, supposed to be the Noah of the Bible, is considered the founder. The great wall of China, portions of which are still in evidence, was completed 211 B. C. Printing is said to have been known in China as early as 202 B. C. In 1517 A. D. the first Europeans arrived in China. In 1575 Jesuit missionaries were sent to China from Rome. In 1602 a general earthquake shook the empire, and more than 300,000 people were killed at Peking alone. Tea was first brought to England in 1660. Commercial relations between China and Russia began in 1719.
